

Company Background

Jash Pillay Medresources Sdn Bhd, established on 17th August 2018, is a Sabah-based healthcare group committed to delivering accessible, high-quality, and holistic medical services. Headquartered in Beaufort, Sabah, the company was founded with the vision of expanding reliable healthcare services to communities beyond urban centers, particularly in underserved and semi-rural areas.

Our core focus is on family-centered medical care, emphasizing both physical and mental well-being. We provide services that range from primary healthcare and minor surgeries to pain management, physiotherapy, and rehabilitation, ensuring that patients receive personalized, continuous care.

Subsidiaries and Operating Businesses:

1. Klinik Subha (Beaufort)

The flagship clinic of the group, Klinik Subha Beaufort, was originally founded in 1990 by Dr. Subhagan Chandran. It is the oldest general practitioner clinic in Beaufort, now operated under Jash Pillay Medresources Sdn Bhd and managed by Dr. Jason Jimmy Lee Pillay. The clinic provides comprehensive outpatient services, including general medical consultations, health screenings, minor procedures, chronic disease management, and other services.

2. Klinik Subha (Membakut)

As part of our expansion strategy, Klinik Subha Membakut was officially launched on 12th February 2025, located at Kedai Membakut Jaya Baru, Membakut. This new branch is dedicated to serving the growing healthcare needs of the Membakut community and its surrounding areas, offering accessible and affordable medical services while upholding the same standard of care established by Klinik Subha Beaufort.

3. Kinabalu Medic Spine & Rehabilitation Centre (Beaufort)

Located in Bandar Mingo, Beaufort, Kinabalu Medic Spine & Rehabilitation Centre specializes in physiotherapy, spine care, and rehabilitation services. The center is equipped with advanced therapy equipment and offers treatments for musculoskeletal injuries, post-surgical recovery, sports rehabilitation, chronic pain management, and posture correction.

Our Commitment

At Jash Pillay Medresources Sdn Bhd, we are driven by the FAMILY CARE CONCEPT, ensuring healthcare services are holistic, accessible, and personalized. We believe in building long-term patient relationships by providing comprehensive medical solutions across all stages of life.

What sets us apart is our commitment to offering both medical and physiotherapy services under one umbrella, allowing us to address not only immediate health concerns but also long-term recovery, rehabilitation, and preventive care. From general medical consultations to chronic pain management, post-injury rehabilitation, and spine care, we provide a continuum of care that supports our patients' overall health and well-being.

Beyond clinical services, the company is actively involved in community health programs, wellness education, and corporate healthcare partnerships, contributing to the overall improvement of public health in Sabah.
